

H78

Long Haul Drive

The Hawkinson H78 features a winning combination of long mileage and great traction for over the road trucks.

Special Features

- Strongly supported tread elements
- Tapered grooves are self-cleaning
- Tread depth is 21/32

Retreading is essential for the environment, there are 300 million tires currently stockpiled, and 281 million tires generated annually. Coupled with the fact it requires 22 gallons of oil to manufacture a new truck tire versus 7 gallons of oil to retread a truck tire, Hawkinson is continuing to **“Go the Extra Mile”** for you and the environment... **one retread at a time!**
